I put you down as POC for HSI tech people. Someone will be reaching out to you about placing surveillance cameras.

Usually yes. We had moved a bunch down to Portland to cover the employee threats. I'll check with the tech guys and give you a call tomorrow.

Do you have any equipment, such as cameras, that can be used at the NWDC to monitor and record the activities of the protestors at the NWDC?

Anything else you can think of that might be useful in keeping the protestors from disrupting operations?

Can we talk in the morning?

Thanks
